

1 I grow in the middle east and what I grow gets matured and picked every five years. I am a staple food for some people. What grows off me grows on the crown of me.

2 Will work for those who can't stand the pests. Will keep down the pests in your area. All I need is a moist work area. I carry around all my children so I dont need a baby sitter or a nanny. Don't work well around snakes and other reptiles. Call Slipj and 555-7128

3 Am looking for a host tree. Will steal your nutrients and water for free. I can make my own food and am a great decoration around christmas. Call Ms. Toe 555-1234.
