

3/6/2015

To Whom it my Concern,

I write this letter to give my high appreciation to Ms. Michelle Konrady, a high school teacher of all 4 of my children and co-worker for the past 10 years at the West Carroll School district.

My children have all expressed how Ms. Konrady motivates and encourages, inspiring them to work harder and smarter to be the best. To have high motivation in study, in my opinion, is very important for my children, and also for other students in general. Ms. Konrady is successful in this effort.

I feel comfortable with the way Ms. Michelle Konrady keeps relations between parents and teacher as well as teacher and student. We, as parents regularly discuss about A-Z issues related to the problems and challenges faced by our children in school. Ms. Michelle Konrady has put her student's first in communication of the expectations in her classroom while giving comfort in approachability and accessibility to help students at all learning levels to succeed in her classroom. Hopefully, my children will meet teachers as qualified as Michelle Konrady in there college classes in future years.

It has been an absolute pleasure working with Michelle for the past ten.

Sincerely,

Dawnette Cole

Head of Building Maintenance

Dist.314
